

Asthma Champion Award

Nomination Form

2023

Do you know someone who excels in the work they do? If so, please nominate them!

The Asthma Champion Award will be given to individuals who go above and beyond in their work. An Asthma Champion helps to support programs and initiatives in their community and across the state to reduce the burden of asthma across Florida.

The Florida Asthma Coalition, established in 2009, works to improve asthma outcomes and reduce associated costs for Floridians. The Florida Asthma Coalition accomplishes this through various interventions and recognizes the hard work, dedication, perseverance, and compassion of our many volunteers. Our volunteers are individuals who work to support that vision by making linkages to care, services, support, and resources for improving the health and quality of life for individuals living with and families affected by asthma. The coalition knows that these individuals often work diligently and tirelessly without accolades, awards, and due recognition.

Asthma Champion Award recipients will be announced at the 2023 Florida Asthma Coalition Summit
