

Working together to reduce the burden of asthma in Florida and achieve our mission—that Floridians with asthma achieve optimal health and quality of life.

Become a Recognized Asthma-Friendly Hospital

Reasons to Apply:

- Reduce hospital re-admissions
- Reduce unnecessary hospital visits
- Increase medication adherence
- Expand professional development opportunities
- Increase patient self-management
- Reduce triggers inside and outside the home

Criteria Include:

- Professional development for nurses, respiratory therapists and physicians
- Use of asthma action plans
- Provide or refer to self-management education
- Provide or refer to home-based asthma management education
