

Working together to reduce the burden of asthma in Florida and achieve our mission—that Floridians with asthma achieve optimal health and quality of life.

Become a Recognized Asthma-Friendly Pharmacy

Reasons to Apply:

- Increase medication adherence
- Reduce hospital re-admissions
- Reduce unnecessary hospital or urgent care visits
- Expand professional development opportunities
- Increase patient self-management
- Increase consistent care under primary care provider

Criteria Include:

- Professional development for pharmacy team members
- Use of team based approach
- Use of asthma action plans
- Provide or refer to self-management education
- Implement an asthma quality process
