

## Instructions for Completing the [Asthma-Friendly Childcare Center Training](#)

*Leave this page open for easy reference as you complete each step.*

Thank you for your interest in completing the [Asthma-Friendly Childcare Center Training](#)! To begin, please read the instructions below to help you navigate the different sections of the course. You **must** read through the instructions to access the training.

1. Download the [Asthma-Friendly Childcare Center Application Guide](#) to accompany the training. You may want to print and keep it for reference.
2. When you are ready, complete the Asthma-Friendly Childcare Pre- test, available in [English](#) and in [Spanish](#). Be sure to answer all questions to the best of your knowledge and fill in all fields for contact information.
3. After you complete the pre-test, you will automatically be redirected to download the Asthma-Friendly Childcare Centers Training.
4. The slide presentation training should take approximately 30 minutes to complete. Once the training is complete, **leave it open for reference** and return to this page.
5. Complete the Asthma-Friendly Childcare Post-test and Evaluation, available in [English](#) and in [Spanish](#). Be sure to answer all questions to the best of your knowledge and fill in all fields for contact information.
  - **Contact information must be completed in order to receive your Certificate of Completion.**
  - The printed certificate can be turned into the Department of Children and Families (DCF) for one (1.0) “in-service training” credit.
